- Interaction skills
- Conflict Management

## Education Background

### ● (School)

*Sri Ramakrishna school*  
Completed 2022

### ● Tech

*FSSA Academy*  
Till Now

## About Me

I'm Nithilan from Ranipet District, I went to a BCA at Adhiparasakthi College. My passion for coding led me to Freshworks Academy after overcoming challenges. I left college to focus on programming languages like HTML, CSS, JavaScript, MySQL, and JAVA, and honed my logical and algorithmic skills. Beyond academics, I enjoy reading, art, and sports like cricket, volleyball, and football, as well as chess, video games, and video editing.

## Projects

(FreshFood)

*HTML, CSS, Java and MySQL*

Key features:

- The user creates his own profile.
- The user buys food on my website.
- On my website, sellers create food in my webpage.
- Any kind of issue mean user send mail.
- Also on my website, Add home-made food also in my websites

## Achievements

(year) (Award)

(Hackerrank certification)
